

Want to know more about Christianity?

Genesis is an 8 week course that explores life's big questions. Genesis doesn't provide easy answers. It is an opportunity to explore the meaning of life from a liberal Christian perspective that is inclusive and values tradition.

Evenings begin with a meal at 7.00pm and end around 9.30pm. **The course starts on Tuesday 15th May.** More information is available in the entrance of the Church.

About Aspley Albany Creek Anglican Church:

We are a church that seeks to express our love for God through practicing compassion to a torn world, encouraging faith in all people and pursuing justice wherever there is injustice.

We are a friendly, inclusive church in the Anglican tradition. We come from a variety of backgrounds and denominations and welcome people of all church traditions or none. Many of our people have young families who come to our lively service at 9.00am every Sunday where there is a children's talk. We also have a service at 7.00am with a choir.

As an Anglican church we value the Bible and tradition and seek to interpret both in the light of modern insights. You are welcome to come to any of our services.

One Band Members and others:

Chris Mundy – Lead Vocals

With a music heritage handed down from his guitar teaching father it seemed inevitable that Chris would find his way into the music industry. Having achieved significant success, winning competitions, releasing albums, touring and fame, Chris realised that he was able to achieve so much more by keeping his music focused and local. Chris's employment as Chaplain of Albany Creek State High School and a two year break from the music industry have reinforced to Chris that the real power of music belongs not at the international level but at the local and community level.

Phill Dagnall – Lead Guitar

With over 20 years guitar experience the music industry nearly lost this talented player to a life of AFL. A serious injury meant Phill was able to concentrate on his love of music – with a focus on the inspirational lyrics and rhythms of U2. Since 2001 Phill has been playing with ZOO2 – Brisbane's premier U2 tribute Band. U2's music has always touched Phill on a spiritual level. Phill has recently re-opened his heart to a more fulfilling way of accepting God into his life and the lyrics of U2 have taken even greater meaning and connection with this talented guitarist.

Daniel Johansen – Guitar

With a diverse musical ability, Dan is a keen lover of jazz and with 22 years of musical experience is always keen on making music. Playing in church bands and with friends, Dan is always willing to lend his musical skills to community based events. Having been involved with youth at the Anglican Church for the past ten years, and most recently St Bart's at Mt Gravatt, Dan is keen to express and share his faith through his musical skills and abilities.

Daniel Berris – Drummer

Currently studying for a Bachelor of Theology, the beat man of One is actively involved in helping the youth of Brisbane. With many years drumming experience, playing in bands and at church, Dan is keen to share his love of music and life with others. As the Youth Minister of Aspley Albany Creek Anglican Church, Daniel is keen to continue his studies and work to fulfil his goal of becoming an ordained Minister. Apart from working, studying and playing music Dan also volunteers at a local high school teaching life skills.

Matt Hutchison – Bass Guitar

More than a musician, Matt is currently studying for a diploma in Audio Engineering. Multimedia is a passion for Matt as he is involved with filming and recording anything to do with Music. Playing a variety of instruments since school days, Matt has been a member of the Young Conservatorium Jazz Ensemble and has played Bass for the popular Brisbane sisters known as the Veronicas. Working as an IT technician at a Brisbane school has allowed Matt to share his skills and knowledge with a lunch time rock band he has organised.

Dave Shackleton – Sound and Light.

David has a passion for live sound and loves music as a creativity that allows everyone, audience included, to participate. He's recorded, engineered, produced, stage managed and planned event logistics for 5 years. His highlights include work with artists: This Side Up, & Jess White; events: Leukaemia Foundation—city Shave for a Cure concerts 2003-2006; 2006 Coomera Christmas Carols; and a week long tour with Christian bands "Rookie" & "Another Day Down" to Kepple Island keeping schoolies kids "entertained with a large PA and a beautiful beach!".

Thanks also go to Katherine Johansen, Phil McDermid, Meaghan McDermid, Kellie Dyer, Lindsay Gardiner and Tom Davis.
